
WFSA Fellowship Training Programs

The WFSA offers Fellowship Training Programs for young anaesthetists from developing countries around the world.

A suitable applicant should fit the following criteria

- Must be fully trained in anaesthesia in home country
- Must be supported in their application by their own National Society of Anaesthesia
- Must be supported in their application by Chief of their home department of anaesthesia
- Must be returning to home country to a recognized post
- Must be under 40 years of age
- Should preferably be working in a teaching hospital
- The courses are intended mainly for young anaesthesiologists from the geographical region near where the course is based.

If you would like to apply to attend one of these, make the initial contact with the WFSA using the 'Contact Us' found in the Quink Links Menu on the left.
